

Dougherty Creek Operational Plan

Amendment #1

Amendment #1 for the Dougherty Creek Project Plan focuses on the inset of information consisting of:

- Updating phase two information of the plan to include completed work. The Amendment identifies all works completed in phase 2 with a goal of opening the trail to the public by the fall of 2014.

The Grand Opening occurred on September 19, 2014 with over 80 people attending the opening. The comments were very positive and supportive of the project outcome to date and look forward to phase three of the project.

This letter represents the approval of the amendments made to the Dougherty Creek Project Plan of March 15, 2014.
